Dear Ehud,

I still owe you some background on GCG history with Singapore:

- we - you and me - had a good trip in 2006 August together to Temasec, GIC and some high ranking Ministers like:
Madam Ho Ching, CEO of Temasek Holdings (Private) Limited
Dr. Kok Peng Teh, President of GIC Special Investments Pte Ltd
George Yeo, Minister for Foreign Affairs - Republic of Singapore
Jimmy Hsu, CEO of TIF Ventures Pte Ltd
Dr. Francis Yeoh, CEO of National Research Foundation - Prime Minister´s Office
Ah Long Wong, Chairman of PACIFIC STAR
Ilan Ben-Dov, Ambassador of Israel

Simon Israel, Executive Director of Temasek Holdings (Private) Limited
Tan Meng Kim Business Manager, External Managers Development of GIC Government of Singapore Investment Corporation Pte Ltd
Kin Sze NG, Senior Executive Vice President of GIC Special Investments Pte Ltd
Boon Hwee Ong, Managing Director - Strategic Relations of Temasek Holdings (Private) Limited
Benett Theseira, President - Direct Investments & Fund Management of PACIFIC STAR

- in 2007 Hubertus made a hostile spin-off from GCG with 100m commitment of GIC. He renamed the fund "Invest in Germany" underestimated GCGs left behind know how and lost subsequently 25% or so and they closed it down. Since then we have no contact with him. As we hear, he left investment world is mainly on philanthropic activities like his 'world security network'. I am not sure if GIC links this story to GCG at all, but you need to know it and in case explain the background.

- in 2013 Edwin Eichler, former Thyssenkrupp established a contact during a trip to Singapure with a manager of a Temasek investment, Loh Chuk Yam, President & CEO, Accuron Technologies Limited. He liked our business system, but refered to the headquarter Temasek to continue.

I think the timing is perfect for another approach GIC or Temasek with GCG as its low profile catalyst for large caps in Germany creating an array of financial und strategic

benefits for Singapore, referring to our very good visit in Aug 2006 - i.e. a 7 year relationship we could build on:-)

Looking forward to hearing your thoughts and plans for next steps,
with kind regards also to Nili,
Philipp
